**GO WITH THE FLOW**

## *The Leader in Manufacturing the World's Most Reliable Reversing Valve*

**World-class engineering and  
manufacturing technology  
combined with premium materials  
for superior performance.**

**Welded pilot tube bracket for  
vibration reduction & reliability**

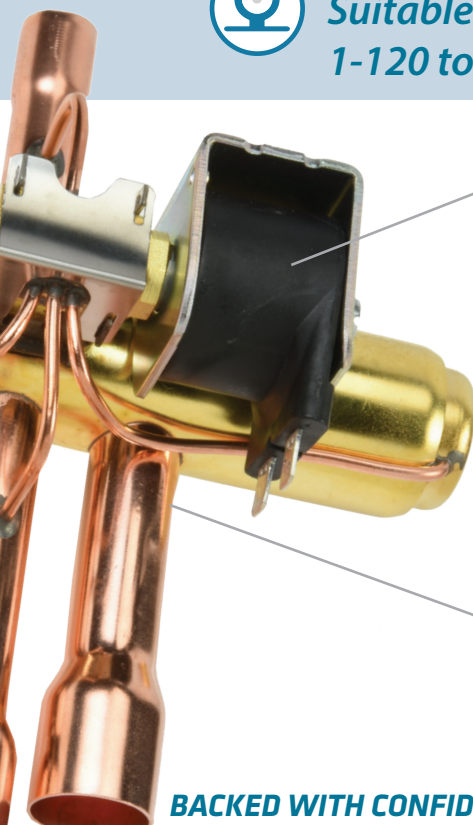

**Compatible with all common  
HCFC and HFC refrigerants**

**Suitable for capacities from  
1-120 tons**

**100% Factory Leak Tested**

### ● **ENERGY SAVING COIL**

Sanhua's Reversing Valves switch between cooling and heating mode by changing the flow part of the refrigerant. The solder connection at the pilot tube and valve allows for increased reliability and low leakage probability. The Reversing Valves are compatible with all common HCFC and HFC refrigerants and are UL recognized with a maximum operating pressure of 650 psig.

● **MACHINED WITH HIGH QUALITY C360  
ALLOY BRASS FOR HIGH TENSILE STRENGTH**

**BACKED WITH CONFIDENCE - 18 MONTH WARRANTY**
